

MESSAGE

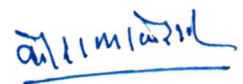

I congratulate all the participants of Global Smart Build Summit and Awards 2023 organised by Summentor Pro Consultants.

The professional awards for excellence will surely provide a boost in the Real Estate, Construction and Infrastructure in India to create a right Eco-system for 'Make in India Hub'.

I am glad that Ms.Nitika Shahi and her team in Summentor Pro have been consistently contributing to the development of the sector through employment generating opportunities for sustainable growth.

I also thank MFS Formwork the co-presenting partner for the commendable work and for facilitating the meet-up at the GSBS 6th edition and awards.

I once again wish all the achievers a success and congratulate them on being a role model for others.

(Kaushal Kishore)
